1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert A. Kent on March 17, 2006, wherein it was pointed out that new claim 43 appeared to erroneously depend from claim 41, rather than claim 42. It was agreed to change the dependency of claim 43 to depend from claim 42. Also, it was agreed to remove the quotations in each of the independent claims 1, 25, 35, 38 and 42, in order to put the claims in better form.

The application has been amended as follows:

In claim 3, lines 4 and 5, the term “(“hydrophobically-modified RPM”)” has been changed to read -- (hydrophobically-modified RPM) -- .

In claim 25, lines 4 and 5, the term “(“hydrophobically-modified RPM”)” has been changed to read -- (hydrophobically-modified RPM) -- .
